2018-2019 Parent Special Condition Request

Financial aid eligibility is calculated based on the information a student provides on the Free Application for Federal Student Aid (FAFSA). This information includes parent and/or student tax return information, non-taxable income, asset amounts and household information. Since FAFSA has moved to prior-prior year income beginning with the 2018-2019 FASFA, many families have changes in their income or family situations that are not reflected in the information submitted to FAFSA. Students are able to request an adjustment to be made to their FAFSA based on unique extenuating circumstances that affect their parent(s) after the tax year used with FAFSA. MTSU will review the documentation submitted to determine if a student is qualified for a change in their information.

***You may only request a review for the parent(s) reported on FAFSA. For purposes of FAFSA and this form, “father” and “mother” can equal biological, adoptive or step parent(s).

Some of these extenuating circumstances include, but are not limited to:

- Loss or change of employment
- Death of Spouse
- Divorce or separation since FASFA was originally filed
- Unusual out-of-pocket, paid medical expenses
- Loss or change in amount of child support, taxable Social Security, or other taxable benefits

Circumstances that are NOT considered to be extenuating include, but are not limited to:

- Standard living expenses
- Credit card or other personal debts
- Car payments
- Mortgage payments
- Vacation expenses

Parents, if you feel you have an extenuating circumstance and wish to have the information reviewed, you will need to complete the steps below. Since circumstances may affect different years for a student, please pay attention to the year requested under each circumstance you feel best suites your situation. Requests will not be reviewed until ALL required documentation is received. Submitted documentation will not be returned. Do not submit originals. As your request is being processed, you may be required to submit additional documentation pertaining to your circumstance.

If the student has been selected for verification, the verification process will need to be completed in its entirety, based on the FAFSA tax income year, before submitting a Special Condition Request.

All requests for review are required to submit the following information, in addition to documentation requested based on the extenuating circumstance. Please initial that you have submitted the required information.

1. Special Condition Request form: Complete all sections of this form.
2. Personal Statement: Submit a typed, detailed statement explaining the circumstance. Please include all information pertaining to the circumstance. Your letter must be signed in your handwriting, not electronically signed. Parent or student may complete this step.
3. Documentation: Submit all required documentation listed for the extenuating circumstance you feel best represents you and your situation. Required documentation will be noted with • based on circumstance. Additional documentation may be requested once original request has been reviewed.
4. If required to submit tax information, you must submit parent(s) Tax Return Transcript for the year requested. You may obtain a tax return transcript by going online to www.irs.gov. Copies of 1040 (except schedules), 1040A or 1040EZ are not accepted, unless noted on form or requested by Financial Aid Coordinator.

The Special Condition Request review process takes approximately 4 to 6 weeks* from the time ALL required documentation has been submitted. All decisions made by the MTSU Financial Aid & Scholarships Office concerning special conditions are final. The student will be notified of the decision through their MTSU e-mail address.

*If you are submitting your appeal during the months of January, May, July, August or December, the review timeframe may be extended at the discretion of the MTSU Financial Aid & Scholarships Office.

Section 4: Certification and signatures

Student and parent must certify the following with a signature:

Parent:
- ✓ The information I have provided on this Special Condition request is true and complete to the best of my knowledge.
- ✓ The Special Condition review process is based upon the estimated income and documentation I have provided for the upcoming year. If the actual income of that year is greater than ten (10) percent of the estimated income, my dependent may be denied future adjustments.
- ✓ I have not knowingly or intentionally provided any fraudulent documentation. I understand if I am found to have knowingly or intentionally given false statements or fraudulent documentation, my dependent’s request will be denied and I may be fined, be sentenced to jail, or both, and my dependent may be required to repay any and all financial aid received.

Student:
- ✓ I understand that I must inform the MT One Stop if any circumstances change for the current year (after my review has been approved).
- ✓ I understand that I am requesting a Special Conditions review based on my parent’s change of income. This review may affect the amount and type of financial aid I am eligible for.

Parent & Student:
- ✓ I understand that there must have a Partners for Education (PIE) form on file with MTSU in order for the MT One Stop or the Financial Aid Office to discuss and/or release any information regarding a financial aid award to a third party (i.e. parent, spouse, guardian, relative, etc.). If a PIE form is not on file, MTSU will only release information to the student.
