Pipeline & Registration
How to create your MTSU Pipeline account
1. Go to MTSU’s website then click the Pipeline link.
2. Click New User?
3. Clink the Students Link.
4. Enter your M#, Student ID. Then click submit.
5. Select your email address, then follow instructions sent to you in the email.

* Make sure to read all of the instructions and WRITE DOWN YOUR USERNAME AND PASSWORD! This will appear in RED and it will not be shown again.

* Wait 10 minutes to let the system process your information.
When you enter in your M#, always include the M.
Your username to log in to pipeline will not be your whole email address, only use the first portion. For example: rlm5s.
Spend some time exploring your pipeline account. You will use it for a lot of different things such as registering for classes, reading announcements, paying bills, etc.
If this does not work the first time, you can try it again, but please do NOT do this more than 3 times. It will lock your account.
If you are having trouble you can send an email to Help@mtsu.edu, please include your M#.
How to create your MTSU Email account
1. Go to MTSU’s website then click the MTSU Email link.
2. Click on Password Recovery Tool.
3. Enter your M#, Student ID. Click submit.
On the Manage Your Username and Password page, check the box for MTMail, and leave the Pipeline box checked if you want it to be the same password.

Wait 15 minutes after you have changed your password
4. Click on Student MTMail to Log in.
5. Enter your username and password.
Tips

* When you enter your username for your email it will be your entire email address. rlm5s@mtmail.mtsu.edu.
* If you need assistance contact the Helpdesk at Help@mtsu.edu or call (615)898-5345.
* Check your MTSU Email frequently!!!! All MTSU correspondence will come to your MTSU Email Address, not your personal one.
How to access your MTSU Pipeline Account
1. Go to MTSU’s website then click the Pipeline link.
2. Login with your username and password.
3. You can access anything on your student account from here.
How to register for classes on Pipeline
1. Click the “RaiderNet” tab on the homepage
2. Select the “Student” tab then click on “Registration”
3. Click “Look Up Classes” and select the Spring 2014 semester.
4. Then on the next page choose which subject you will like to take and click “Course Search” once that subject is chosen.

The class schedule for Spring 2014 is currently under construction and being changed daily. Priority registration begins November 11 for Spring 2014.
5. Choose which class you want to take by clicking “View Sections”
6. Click in the box for the class time and instructor you want to take. Scroll to the bottom to click “Register”.

TR means Tuesday and Thursday
You are now registered for class!

Repeat these steps for each course you want to enroll in.
