

ACE Camp 2017

- ▶ ACE — **architecture, construction** and **engineering** — and its mentor program is a national, 18-week after-school option for students interested in pursuing a building industry career.
- ▶ Students learn about the university Concrete & Construction Management, Architecture & Interior Design, and Engineering programs.

Elizabeth Kurtz, *Interior Design 2015 graduate*, with the inner design studio ACE campers during the architecture and design session.
