Fall 2018  
IDES 4120

Concept Statement

The design for the Nostalgic Nook will be a vintage and elegant interpretation of the world of Wonderland from *Alice in Wonderland*. The color scheme is from Sherwin Williams 2019 Aficionado color collection marron, navy blue, caramel browns, and grey browns. The furniture throughout the bookstore will be inspired by 60s interiors as well as some curved and fun shaped furniture for the children’s section. The muted color scheme gives a sense of comfort and sophistication to the store. The curved bookshelves, teacup lights, and pictures inspired by *Alice in Wonderland* gives the store the feeling of fun and adventure for all ages.
