Welcome to the Monohan Hall Family!

It is home to two Living Learning Communities (Music at Middle and Diverse World, Diverse Arts). These Living Learning Communities will enhance your residential and educational experiences here at MTSU.

The Monohan Hall staff believe that students who are involved, succeed physically, mentally, and spiritually. Because we are committed to your success, you will find that there are literally hundreds of opportunities for you to engage in here at MTSU as well as the local community. You can be certain that each and every campus activity is aimed at providing you with personal growth development.

It is our goal that you achieve your highest potential whether it be in the classroom, in our residence hall, elsewhere on campus or even throughout the local community.

We hope that you get involved with the great programs our Resident Assistants promote as well as the programs that you, the students, promote through Monohan’s Programing Board We wish you the best in the up coming year.
