MT Lambda, Reimagined:  
A Letter from the Officers

For 30 years, MT Lambda has been a voice for the LGBT+ community on MTSU’s campus. We’ve fought hard for safety, acknowledgement, and respect on this campus. MTSU is our home, and we are proud to be an essential part of what makes MTSU such a diverse university. 30 years is a long time, and as an organization, we’ve gone through many changes. In fact, we are continuing to grow and change. This is where you come in.

In order to guarantee that MT Lambda is always providing the services that our community needs the most, we need to hear from you.

What can MT Lambda do to help you succeed at MTSU?

We’ve looked over the feedback previous officers have received from members, and we’re committed to bringing those requested changes to fruition. We are confident that MT Lambda is entering a new era of growth and success. While we are certain we are on the right track, we still need more feedback from our members and the MTSU community at large. MT Lambda is a space for everyone, not just those who identify as part of the LGBT+ spectrum. Help us help you, and together, let’s make our community proud.

Email us with your feedback and suggestions at mtlambda@mtsu.edu

Upcoming Events

“Gay’ze Through History

THE HISTORY OF LGBT+ PRESENCE AT MTSU
30 YEAR ANNIVERSERY OF MT LAMBDA

Aleshia Brevard, first openly trans student at MTSU

To celebrate the journey MTSU’s LGBT+ community has been and continues to be on, MT Lambda and the LGBT+ Intercultural and Diversity Department will host numerous events throughout the year. There will also be displays in the library, Gore center, and admin building.

For more information on this event or any others, visit our social media pages or website by scanning the QR code.

Visit mtsu.edu/lgbt for more information regarding LGBT+ focused services available to the MTSU community.
