

SGA Resolution 19-04-S

A Resolution to credit Student's ID Cards \$1 in Raider Funds every time their card is swiped at an MTSU home football game.

Whereas: MTSU is in danger of losing its Division 1 status in sports unless attendance is increased at home games, and

Whereas: The future of success of this university will be impeded if we drop to a lower level of sports competition, and

Whereas: Most students do not attend MTSU football games regularly, and

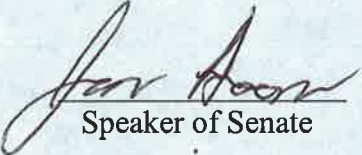

Whereas: Providing an incentive to students to attend games will help to resolve attendance issues, and lead to more school spirit in the future.

Therefore, let it be resolved by the 66th Congress of the Student Government Association of Middle Tennessee State University that:

Section 1: Students will receive a \$1 credit in Raider Funds each time their cards are swiped at any MTSU home football game.

Section 2: These credits can be used anywhere on campus and will expire at the end of the school year.
