

SGA Resolution No. 18-06-F

A Resolution to place the University Professor evaluations on Pipeline in order to make the more easily accessible to students.

- Whereas:** The teachers' evaluations are currently open to the public, but few students ever know what becomes of them,
- Whereas:** The library keeps the records on file, yet it is known by few students and has no information on where they are to be located,
- Whereas:** Trying to obtain the records can be very difficult, few staff members know where they can be found,
- Whereas:** More use of the evaluations will lead to students making more well informed choices, while also holding professors more accountable for how they run courses,

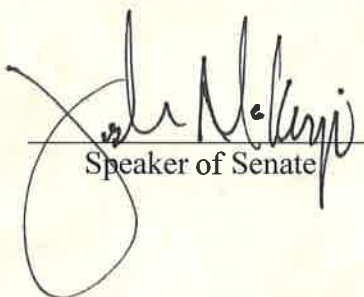

THEREFORE, LET IT BE RESOLVED BY THE 69TH SGA CONGRESS OF THE STUDENT GOVERNMENT ASSOCIATION OF MTSU THAT:

Section 1: New professor evaluations will be kept on file electronically via Pipeline, as well as traditional record keeping.

Section 2: Students will be informed of the new changes, as well as information being placed on Pipeline on how to obtain old evaluations.
